ENVIRONMENTAL POLICY STATEMENT

MEEKE ENGINEERING formalizes our commitment to support the principles of environmental sustainability and is central to our lives and our workplace. We aim to implement and monitor environmental actions for improvement and communicate environmental initiatives internally and externally.

This policy applies to all staff, employees, and subcontractors working for Meeke Engineering.

Meeke Engineering respects our relationship with the natural environment and its sustainability. We acknowledge the adverse impacts that human activity can impose and take action to prevent the degradation of those natural systems.

Meeke Engineering commits to the following principles and practices:

- Monitoring and managing our environmental performance and working towards targets set to reduce adverse impacts.
- Complying with relevant State and Local environmental policy, practices, regulations and legislation, and industry-specific legislation.
- Reducing the consumption of natural resources in daily operations, including water, paper, and energy, and maximizing the recycling of resources.
- Disposing of waste appropriately, including e-waste at designated e-waste centers.
- Committing to the principles of preventing pollution to the environment and continual improvement by minimizing pollution by taking steps to limit carbon emissions.
- Where possible, encourage suppliers to meet high standards of environmental performance.
- Communicating this policy to all employees, contractors, and other stakeholders, as well as making this policy available to the general public.
- Reviewing this policy annually and measuring targets and performance as part of that review.

This Environmental Sustainability Policy is the responsibility of the Management of Meeke Engineering.

SATISH SAWANT.
General Manager.
