## OHS & E POLICY

Meeke Engineering as Persons Conducting Business or Undertaking (PCBU) is committed to providing a safe work environment and to conducting its activities in a way that will ensure the health and safety of its employees, contractors and members of the public in accordance with the National Workplace Health & Safety Act 2011. Meeke Engineering is also committed to protection of the environment.

Our goals in workplace health, safety and welfare will be achieved through:

- Implementation of an Occupational Health and Safety Management System that meets statutory and industry requirements and also aims for best practice.
- Integrating health and safety requirements into all relevant business processes and decisions.
- Ensuring management demonstrate commitment to and are accountable for public and workplace health and safety.
- Developing and implementing procedures and standard work practices to proactively manage workplace hazards.
- Ensuring all employees and service providers/subcontractors accept that working safely is a condition of employment.
- Ensuring all employees and service providers/subcontractors have the information and training required to competently and safely perform their work.
- Supporting any injured/ill employee to facilitate their safe, early and durable return to work.
- Allocation of adequate resources required to fulfil the aims of this policy.
- Monitoring compliance with statutory and industry health and safety requirements.
- Reviewing OH&S performance to promote continuous improvement.
